NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Although we were pleased with the election results last Saturday, we have to admit that we were surprised. We really did not think there was much hope that Lloyd Bentsen could defeat veteran Sen. Ralph Yarborough. And we surely did not expect it to be by such a margin.

Since Bentsen was such a political unknown, the results of the election would seem to bear out the fact that the people of Texas just did not approve of the liberal philosophy of Yarborough.

This should not really be too surprising to his supporters since he is the only liberal to be elected in a state-wide race in the past 20 years at least. While there are areas where the people think and vote liberal in Texas—the majority of the state stays in an area between conservative and moderate when they go to the polls.

One awkward outcome of the elections Saturday is that from the best we can tell there will only be one state-wide run-off in the June 6 second primary. This means that in counties like Jones, where there are no run-offs in the local races, there will only be one race on the ballot. This will be for Supreme Court Place 3 and will evidently pit James Denton against Matt Davis; although we have not seen the final figures in this race.

The cost per vote cast in this election will be very high since it is not likely that much interest will be generated in this race.

As interest goes—this election last Saturday surely failed to set any voter records. We find ourselves wondering after just about every election what it takes to get people to vote. Since our whole system is built around this one simple process of voting we cannot help but wonder how long it can stay together when citizens are not concerned enough to take a few minutes each year to cast a ballot.

We just wonder how loud the cry would be from those who failed to vote if they were told that there would not be any more elections and those who are in would just pick their own successors and make their own rules and laws.

The sad thing is that you work and work to get people registered to vote and then only about a third or less exercise this privilege. We have to wonder about all of this fuss to get 18 year-olds the right to vote when we suspect that less than 20 percent of those between the ages of 21 and 25 vote. We doubt if the younger set would do much better.

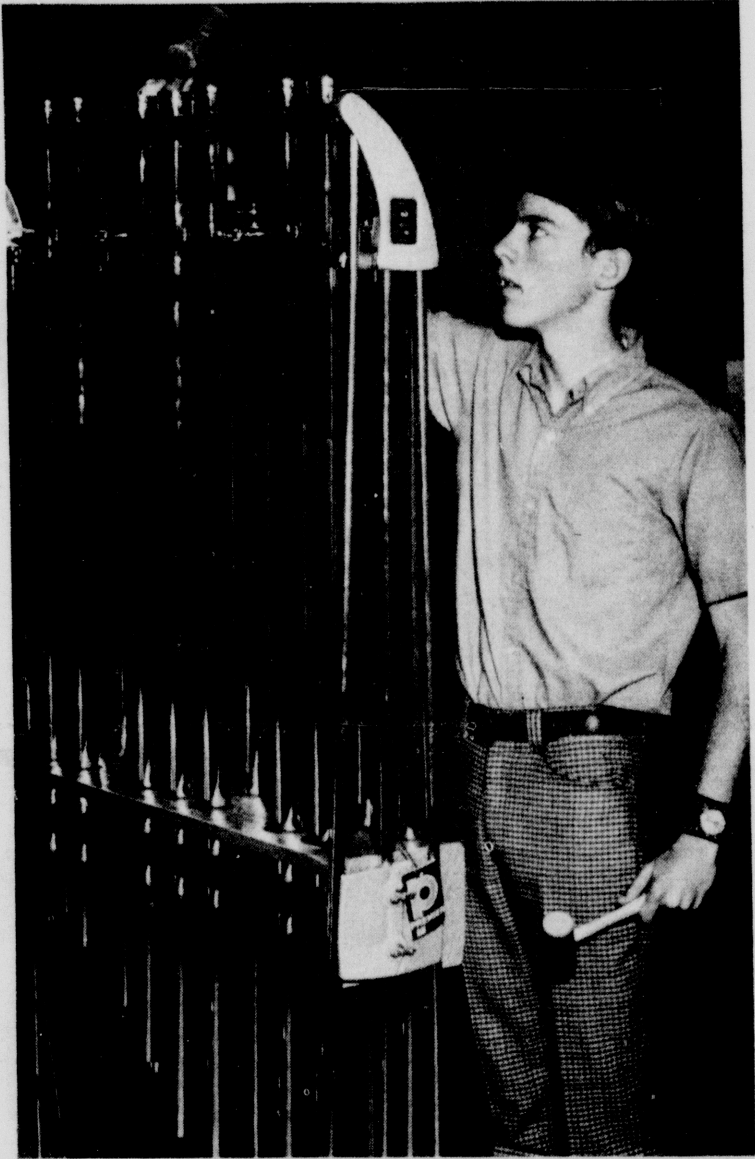

We would like to see the war in South Vietnam come to an end as much as the next person and feel that the move made last week by President Nixon was probably the best move made by this country in the past several years. We know that if we were one of those fighting over there we would strongly approve of the idea of getting rid of the sanctuaries from which the North Vietnamese have been launching their attacks on our men.

If it were not so sad, we would have been amused at the North Vietnamese when they called a press conference to protest our "invasion" of Cambodia. Since it is the North Vietnamese that we are going after over there we wonder how they got there if they did not invade Cambodia to start with. They are the ones that are threatening to overrun the whole country.

In case we confused you last week when we were talking about Ralph Yarborough and said, "we did care for his endorsement of the Vietnam moratorium" we were confused ourselves when we read it the next day. The word "not" got left out in typing the story which did change the meaning just somewhat.

REHEARSING—Rehearsing for their chorale part on Friday night's band concert program are Hamlin band students, from left, Leldon Clifton, Marcia Steele, Tony Lewis, Terri Gregory, Charles Shira, Latrese Williams, Don Colley and Karen Jackson.

NEW CHIMES—The chimes, a recent addition to the instruments used in band will be heard by the public for the first time at the band concert Friday evening in the public school auditorium. Here, David Riddel practices on the new chimes.

Band Sets Spring Music Festival Friday Evening

The school auditorium will be thronged again this Friday night as the Hamlin bands present their annual Spring concert for the eleventh time.

Starting the program off at 7:30 will be the sixth grade band which according to director Tim Jones is the "best ever." Next, the junior high school group will perform their portion of the program, which will be highlighted by a fine arrangement entitled "Italian Festival."

The high school concert band has several surprises in store for Friday's audience. The school's new chimes will be used on stage for the first time, and an eight voice chorus will help top off the program as they do the vocal parts on a new arrangement entitled "Their Finest Hour."

This year's award winning high school band will use the proceeds of the concert to help send them to Dallas and the State Fair Music Day program next fall. The Piper band is one of only ten in the state who have been asked to appear on the program in the Cotton Bowl.

The U. S. Marine Drum and Bugle Corps from Washington D. C., and Bert Bacharach will also be featured on this annual program in Dallas.

The Piper stage band will

top off the evening with a variety of music, old and new, which will delight the audience.

Several awards of accomplishment will be presented during the evening, and this year's trophies will be presented to the school principals.

A reception will be held in the gymnasium immediately following the concert. The audience is cordially invited to attend.

Light Vote Cast Here Saturday In Democratic Primary Election

With no contested local races, less than 300 turned out to vote in the Democratic Primary held here Saturday. The closest thing to a local race was the one for State Representative, Dist. 62, Place 1, and it failed to draw any major interest as incumbent Grant Jones took an easy victory over his opponent, Joe Hernandez.

The only strong statewide race ended in an upset as Lloyd Bentsen of Houston defeated veteran U. S. Senator Ralph Yarborough 803,441 to 714,692. Bentsen carried Jones County 1039 to 975 and also carried the Hamlin East box 128 to 78. The Hamlin West box voted for Yarborough 39 to 24 and Neinda split 19 to 19.

The only other upset in the day's balloting saw veteran Land Commissioner Jerry Sadler go down in defeat as he was soundly trounced by Bob Armstrong, 689,675 to 428,368. Although there was a third man in the race, Armstrong won it without a need for a runoff.

The only runoff in the

statewide races will pit James Denton and Hawthorne Phillips against each other in the second primary, June 6. Denton led the three man field for the Supreme Court with 569,525 to Phillips' 288,487. Matt Davis was a close third with 284,393.

In Fisher County the race for Commissioner, Precinct 2, will go into the June Primary as E. J. Kiker and Frank Allen led a field of four seeking that post. Kiker drew 179 votes, Allen, 114, M. A. Hughes, 98, and Dick Gruben, 94.

The official count for Jones County in district and statewide contested races was as follows: (Winners are listed first.)

U. S. Senator: Bentsen, 1039; Yarborough, 975.

Attorney General: Martin, 1473; Brown, 366.

Land Commissioner: Armstrong, 827; Sadler, 899; Williams, 166.

Railroad Commissioner: Ramsey, 1518; Lawson, 331.

Supreme Court: (Runoff): Denton, 569, Davis, 630; Phillips, 261.

Criminal Court Appeals: Roberts, 658; Smith, 946.

Court of Civil Appeals: McClood, 716; Garrett, 1253.

Representative, Dist. 62, Place 1: Jones, 1545; Hernandez, 307.

Hamlin area voters cast ballots as follows: (E) Hamlin East box, (W) Hamlin West box (N) Neinda box.

Close the door on kitchen smoke.

When you broil with some ranges, you have to worry about smoke getting into your kitchen.

Dirtying your walls and ceiling; soiling your curtains; irritating your eyes and nose.

But you don't have to worry about smoke with a gas range. Because the gas flame consumes it. And, that's why you can broil with the broiler door shut.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(May 8, 1925)

Last Saturday the Main Street of Hamlin was crowded as usual with hundreds of automobiles. But not in a long time have people had such clearance of travel as they had that afternoon. The City Marshal and several assistants took great pains to inform the public that parking in the middle of the street could not be allowed. This permitted people to back out from the curbs and at the same time others to pass up and down the street without fear or hindrance. A clear open street was very much enjoyed. People will bear in mind that by stopping their cars in the center of the street not only endangers their car, but prevents free passage and backing out of the cars on the curb side. Later parking lines will be painted so that more cars can be accommodated on the curbs. Let us all remember that it is better to be safe than sorry.

DON'T PARK IN CENTER OF STREET

It seems that "mere man" is getting his wishes almost ideal this spring. It rained just when it should then it dried up and farming went ahead and then just this past Wednesday morning, about three o'clock, one of the most perfect rains one could wish for began to fall, it kept coming just right to soak in. This continued till about noon. A season evidently exists all over this country. Of course some fellows would rather it would not rain till all fresh planted crops are up, and some had rather replant fresh than to have to fight weeds and grass that will come along with the cotton and the corn. But what they all must agree on is that it takes moisture to grow stuff, whether it comes before the seed is planted or just after. But moisture is what counts. We have a fine season in most every part of the country and warm weather is now in demand.

Hamlin rain was 1.75 inches.

TWENTY YEARS AGO
(May 5, 1950)

Senior Class of Hamlin High has chosen historic New Orleans, La., as their trip city for 1950.

The class will leave Hamlin on May 25 for the Creole City and will be transported over the T. & P. railway.

They will return on May 29. Students of Hamlin High School will be entertained tonight with an All School Party which is to be sponsored by the Student Council.

The undertaking is new to the school and will replace the usual separate class parties that have been held in the past.

Entertainment features will be divided into groups and quiet games

are to be played, films will be shown and other activities will be followed according to the choice of the students.

Rainfall Monday evening in Hamlin was gauged at one and one-tenth inches.

The rain was very light in the vicinity of the new lakes and no change in depth of the lakes was registered.

Latest estimates were that approximately four inches of water have been used from the lake since the April rains provided the 22 inch rise.

Plans have been announced for the annual Junior-Senior banquet to be held in the high school cafeteria on May 9th.

The event will deviate somewhat from the usual practice in that Coach J. N. Burditt will officiate as toastmaster for this year.

I. R. Hutchingson, superintendent, will be the principal speaker.

A number of novelties in program and decoration are being planned under the guidance of Burditt and Mrs. Holly Toler.

TEN YEARS AGO
(May 5, 1960)

Ned Moore Jr. was winner of the teen-age Road-eo which was held Saturday at the high school. Moore scored a total of 223 points. Bruce Holding was runner-up with 205.

The Senior Class of Hamlin High School will leave Tuesday afternoon, May 10, for New Orleans, La. Two chartered buses will carry the 46 seniors on the annual trip.

Neinda Philosopher Looks At Inflation, With The Chance He Has Misplaced His Glasses

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One tackles inflation this week. It may have gotten away from him.

Dear editor: I have long known that a farmer, needing a rain, has to be careful where he says so out loud. His neighbor may still be planting and get mad about it, which underscores a sort of unwritten belief that wishing has something to do with the weather. Of course farmers are just going on, but I have found out, this isn't true of economists.

According to an article I read in a newspaper last night, some of the nation's leading economists are trying to wish inflation away. One of them, lighting his pipe with a match from a penny box of matches now costing 2 cents, said, "the economy should emerge from the current dip on a path of sustainable growth, with inflation on the wane."

What this means is that if things pick up he was right and if they don't, let's talk about something else.

But about the best statement came from another economist who said: "The peak of inflation is past and prices

soon will be rising more slowly."

That's a statement worth picking up in your hand and rolling around and looking at more closely.

If inflation is ending because prices, while still rising, aren't rising as fast as they did yesterday, that's like saying we're getting closer to dry weather because it didn't rain as much this week as it did last week. It's like a fat man's saying his diet is working because he gained two pounds less this month than the month before. It's like a lawyer's feeling good because he got

his client 99 years instead of life. It's like a college student's teaching the administration a lesson in literature by burning down the library. It's like saying automobile pollution is lessening because we're having more wrecks.

I don't see why the economists don't abandon all their theories, get down to bedrock and state flat-footedly that rising prices cause inflation and that unarguably inflation produces rising prices and let's all hope the weather is better tomorrow. Yours faithfully, J. A.

Oak Grove Baptist Church Honors Pastor Sunday

Oak Grove Baptist Church members sponsored a special service here Sunday to honor their pastor and his wife, Rev. and Mrs. B. C. Freeman, on their third anniversary of service to the local congregation.

Several out of town churches participated in the song service. Rev. Alton Hurd of Abilene was speaker.

Dinner was served in the Fellowship Hall following the service for the guests from visiting churches.

Vergil Smith New Assistant Manager At Funeral Home

Vergil Smith has been named assistant manager of Foster Funeral Home according to Bill Foster, owner.

Smith, who is also pastor of McCaulley Baptist Church, succeeds Foster's son, Lanny Foster, who has moved to Dallas and is attending a business computer school.

Mrs. Smith is a teachers aide in the McCaulley school system. Mr. and Mrs. Smith have one son, Mike, a freshman at Hardin-Simmons University.

A Crown for Mother

You, as a Mother, are honored by your children on a special day — Mother's Day. How the little things they make for you with their own small hands please you and warm your heart.

It warms and quickens the heart of God when you honor Him on His special day. "Remember the Sabbath Day, to keep it holy." Exodus 20:8. Worship God on this next Sunday in the church of your choice. We should honor our loving Heavenly Father even as we expect our children to honor us.

Attend church on Mother's Day.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Ted Wright, junior ministerial student at Hardin-Simmons University, has been chosen to participate in an institute of theology for college students sponsored by the Southwestern Baptist Theological Seminary. A Bible major, Wright is pastor of the Prairie View Baptist Church in Anson.

The institute will be conducted May 25-June 19, by the Southwestern Baptist Theological Seminary, Fort Worth.

Students will enroll in regular classes with seminary students and will be graded on the same basis as seminary students and will receive full credit for courses. Participants will receive full tuition scholarships, room, board and books. In order to be accepted, a student must be recommended by college departments of religion or by BSU directors.

Wright is the son of Mr. and Mrs. Jack Wright of Hamlin.

Although I was not successful in my bid for Commissioner, Precinct 2, I would like to express my appreciation to all of you that voted and worked for my candidacy.

Thanks for everything,

Federal Land Bank Lowers Interest Rate On Loans

Joe Harper, manager of the Federal Land Bank Association of Haskell, received word today that the Federal Land Bank of Houston has reduced the interest billing rate on variable rate loans to 8 1/2%.

The variable rate loan plan, which was introduced by the Houston Bank last July, lets the interest rate "float" over the variations in the money market. In large measure, therefore, the

rate in any specific year will reflect the changes in the price which the Bank must pay for the money it makes available for farm mortgage loans.

"Recent improvements in the money market have made this reduction possible," Harper stated.

Everybody is looking for a bargain.

Here's one you can believe in.

What makes the Buick LeSabres we sell such bargains?

We're dealing, for one thing, Spring is here and we're making up for lost time during those cold winter months when everybody stayed home by the fire.

We're going to make it real easy for you to get into a Buick and celebrate Spring. But that's only part of what makes a bargain a bargain.

What about the car? Can you believe it?

Every Buick is built with integrity.

You get things like a cooling system that should never overheat, even with air conditioning.

You get Buick's unique suspension system—AccuDrive—that makes this LeSabre one of the best handling Buicks ever.

You can even order a 350 cubic-inch V8. With four-barrel carburetion. That

delivers 285 horsepower. Yet runs on regular gas.

So, let's put it this way. If you want a bargain, we've got the ingredients. The car. And the deal.

Wouldn't you really rather have a Buick?

Buick Value/Buick Dealers. Something to believe in.
